

JUST WAIT

BACKSTORY

SAL

... Oprah, you are a phenomenon ... you are a minority, you are a woman, and you have paved your own way and defied the odds and created an empire. But had you not gone our own way and taken the Hollywood route - - you would have been ridiculed, disrespected, disregarded, and abused. The men who run Hollywood are a cesspool of sharks - - they are mostly about money and prostitutes - - they are horrifyingly misogynistic. They can care less about the interests of human beings - - overall the town is riddled with terrible, awful loathsome people. [*Dana takes a breath and looks at Oprah*] I have decided to dedicate the rest of my time on this planet to exposing and destroying each and every one of these detestable, misogynistic assholes. I know - - you're looking at me like I'm crazy - - but I know ultimately that you will - - and everyone in your audience, around the world will discover I'm NOT! All I have to say is ... just wait ...
