

A SICK WORLD

BACKSTORY

Sal is a priest who oversees a monastery high in the mountains. A few years ago, Sal found an infant left on the steps of the monastery. Sal noticed something was much different about this baby and received message in his/her dreams explaining that Angel was sent by God to rid the earth of evil. Sal decided to raise the child and named the child Angel. Angel grew twice as fast as a normal child, and matured into teenager in only seven years.

PREVIOUS CIRCUMSTANCES

Angel is not at an age where Sal can reveal the truth to Angel about his/her condition.

SAL

I was just a young Priest when I found you outside the stairs. No one knew you or where you came from. No one even knew what your name was. So when no one came back to claim you, we decided to name you ... Angel. You have a gift. To help people ... and to fight evil. We live in a time where what's wrong is right and what's right is now wrong. It's a sick world. Look at the markings on your palm: 777. Three sevens are a powerful Christian symbol. It's the anti-666 symbol. 777 is the code for God, symbolic for the Trinity, God the Father, the Son and the Holy Spirit. *[Sal allows Angel to digest for a moment]* I know this must feel like a burden. Please forgive me. I love you. Pray harder. More will be revealed.

EMOTIONAL FLEXIBILITY EXERCISE

- 1) Emotional/sense memory of a time when you tried to lift a heavy burden off of your shoulders.
- 2) Personalization: someone you fear that you let down.
- 3) Sensory condition: overall of a chill down your spine. Endow with the fear that something horrible is about to happen.
