

Henry is driving fast to the airport. Frances is processing what happened while worrying about being late. She looks at her watch.

FRANCES

Personally, I like getting to the airport early. Buy a "World of Interiors" magazine. A big, greasy Cinnabon.

(beat)

Guilty pleasures.

HENRY

Not me -- I play things fast and lean. I don't check anything, I don't buy anything, and I leave my belt at home.

Looks at her watch again. Frances takes out a bottle of water from her bag and starts sipping it.

HENRY (CONT'D)

(heading it off at the pass)

So, hit me. Ursula. Any questions?

FRANCES

(joking)

Ursula? Who's Ursula?

HENRY

The woman in my home this morning that wasn't you?

FRANCES

Oh. Her.

HENRY

(amused)

It's not often. She comes in and out. Work stuff.

FRANCES

Got it. Not a big deal. It was just a surprise.

(beat)

Just... how often... is there, work stuff?

HENRY

Not often, once or twice a week?

FRANCES

(beat; thinking)

It's impressive. I could never have worked with Robert when we were married. And definitely not after we divorced.

HENRY

Well... technically we're not divorced.

Frances just looks at him, what?

INT. AIRPORT SECURITY - LATE MORNING (DAY 4, SATURDAY) 15

CONT.

CLOSE-UP on Frances guzzling water from her bottle. She and Henry are standing by a recycling can near the security line.

HENRY

Just want to be clear... It's nothing shady. We didn't want to split up the business.

FRANCES

(a smile)

And is there a reason you didn't tell me sooner?

HENRY

Because ultimately we're all cowardly little boys?

Frances can't help but be amused.

HENRY (CONT'D)

Some girlfriends mind. Some don't.
(beat; clearly invested)
You?

FRANCES

(gulping)

Just processing.

(beat)

Should I care? Do I care?

(beat)

Nah, I guess I don't care.

HENRY

It's only a big deal if you want to get married again. And I don't. Do you?

Sides by Breakdown Services - Actors Access

Frances takes this moment to pause and take her last big gulps of water.

FRANCES

No. I mean... No.

(joking)

Well, depends on who's asking...

(realizing how that sounds)

No, I didn't mean... Just a joke.

She tosses the bottle in the can. They get in the security line.

HENRY

For me, the best part of being our age is we can do whatever the fuck we want. No rules, no big pronouncements...

Henry, noticing a MAN eavesdropping...

HENRY (CONT'D)

(amused, good-humored)

Hey, Chief, want to add something to this?

The MAN quickly looks away.

FRANCES

(a decision:)

You know what? I agree.

(beat)

To say "Til Death do us Part." I think I'd be embarrassed.

HENRY

There's no right or wrong. We've been trying to sort this shit out since we left the caves.

They approach the plastic bins. Frances hands one to Henry.

FRANCES

Okay, Darwin take your boots off.
